

# Roosting Robin

## Round One

Got your center medallion all made? GREAT! For our Roosting Robin, please make sure that your block measurement is accurate. It must be 20 ½ inches for the next round to fit on there properly.

For this first round, you're going to be making 44 half-square triangle blocks that are 2" (2 ½" unfinished). Since this is what you'll need to fit onto your exactly measure medallion, you need to be just as accurate in piecing your half square triangle blocks. Use a method where the HST are trimmed after sewing and pressing, or check the size of each one with a ruler.

There are several methods to make half square triangles. Here are a few. Choose a method that works for you.

From SewVery Easy: How To Make 8 HST at a Time video on YouTube

From Teresa Down Under: 1 tutorial, 16 Half Square Triangles (HST), 16 different blocks, 1 quilt on YouTube

Got your little blocks made? Wonderful. Now you need to arrange them around your medallion. There are some great options to choose from.
