## Greater San Antonio Quilt Guild, Inc.

August 11  
**Guild Meeting**

10:00 AM

St. Andrew's Church  
8231 Callaghan Rd.

Threadplay  
by  
Libby Lehman

**Remember to bring to the meeting:**

- Nametag (wear it)
- Library books, videos & patterns
- QPC and Bright Hopes Projects
- Memberships expire. Plan to pay your dues.
- Smiles for your friends

As a member of GSAQG you receive a lot of benefits. These include:

- Entertaining and informative meetings, demonstrations, and workshops
- Monthly newsletter and membership directory
- Biannual guild-sponsored quilt show
- Extensive lending library
- Show-and-Tell so you can share your masterpieces
- Bus trips to major quilt shows
- Nationally known speakers
- A wonderful Christmas celebration
- Secret sisters

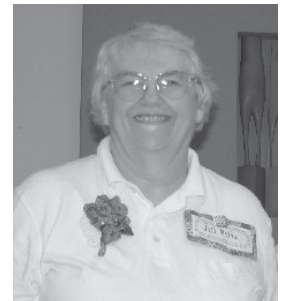

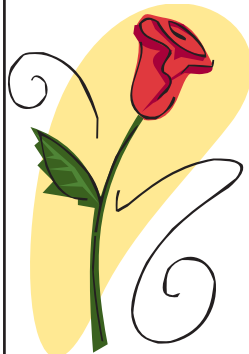

I'm sure there are lots of other things I have forgotten to mention, but you get the idea. Being a guild member is definitely good for you, a real bargain for \$20 per year.

In the GSAQG joining is pretty much all that is required of you. Compared to other guilds we have it easy. Only about ten percent of any given group will ever step forward and help out. I know more than ten percent of our members do step up to help but it would be nice if more did. Believe it or not, participation is one of the benefits too. When I moved to San Antonio 17 years ago, I didn't know anyone. I joined the guild a year later and got involved. Now I know almost everyone in the guild, at least to say hello to.

There are many opportunities to participate in the work of the Guild through committees and projects. New members are encouraged to become involved. We don't require people to participate in the guild. This isn't the Army or a dictatorship. It's a democracy. But a democracy needs the participation of all its citizens to function properly. GSAQG is no different. And unlike the Army or a dictatorship, participation in the guild is fun. So sign your name on the dotted line, volunteer for the quilt show. Raise your hand and give it a go with one of our up and coming board positions. Try it you'll like it.

### Calico Rose Award

Jill Fritz was awarded the Calico Rose for all her work with Bright Hopes. She has donated 60 quilts this last year--most using her own materials. Only 12 were from Bright Hope kits. Keep up the good work, Jill!

## Tip

The only thing I really dislike about prewashing my quilting fabrics is all the strings that come loose during the wash, wrapping themselves in knots around the yardage.

It's easy to eliminate nearly all of the strings. Just clip off a little triangular section from each corner of fabrics before you wash them. Try about 1/2" or a little less. You'll still see a *bit* of fraying, but not enough to create bunches of knots.

## Grant Available

The GSAQG \$1000 Ethel Howe Grant Program is still available. For information contact Doris Patterson at 210-656-0334 or go to our web page, [www.sanantonioquilt.org](http://www.sanantonioquilt.org), and on the Services page you will see the link for all the rules and the application.

Remember our first winner, Charlotte Keener, will be giving the program in September on her experience.

## Close the Safety Latch on the Rotary Cutter Every Time You Put it Down

Get into the habit of closing your rotary cutter's safety shield *every time* you lay it down. Leave it open and I guarantee that someday you'll brush your hand against it and get cut. Every manufacturer makes a slightly different type of safety latch. In a few cutters, blades automatically retract when you release pressure on them after making a cut. Try out several cutters to see which ones have safety devices that are easiest for you to manipulate.

## Handle Replacement Blades with Care

Blade replacement is another area where rotary cutters differ quite a bit. Many cutter blades are replaced by removing a nut and washer to access the dull blade, then reversing the process after slipping the new blade in place. Handle the blades carefully during replacement. The blade in EZ Quilting's Quick Change rotary cutter does that for you. It comes off as a unit with its own protective cover—so you never touch the blade at all.

# Story Book Update

by Nechia Dawson

During the Spring 2007 semester, our story book quilts were shared with 10, 340 students from Northside ISD, North East ISD, San Antonio ISD and East Central ISD and three private schools. The Burrito Boy was also used by one art class and one Spanish class at St Mary's Hall during the week of Jane's visit to San Antonio.

An exhibit of 17 Story Book quilts will be displayed at the Great Northwest Library through August 31, 2007. Sandra Griffin, the librarian that put together the exhibit provided a lovely reception to celebrate the opening of the exhibit on June 30th. There were about 20 people that came by including some of the Saturday quilters at the library and Valerie Arcement, author and quilt maker of A Mazing Christmas Quilt.

We had one new quilt added to the collection. Gail Weist completed her quilt for Sunflower Sal. Thank you Gail for this delightful addition to the collection.

Stop by the Story Book table in August, we still have The Name Quilt and we will have four new books to check out.

• The Quiltmaker's Journey

- Peter's Patchwork Dream
- The Promise Quilt
- Grandpa's Quilt

Thanks to the three ladies that took books in July. We look forward to seeing your quilts added to the collection.

We've had a lack of interest in Block Party as of late. If the blocks are too hard or not interesting enough, let Dea Jae know and she will try to adjust. Block Party is now done quarterly. The drawings are January, April, July, and October. You have 3 months to make a block or two. There will be paper piecing foundations available at the guild meetings in August and September. On the left is an example of what you can do with a few blocks that will essentially look like a scrappy quilt.

### Picture of Maple Leaf for Block Party

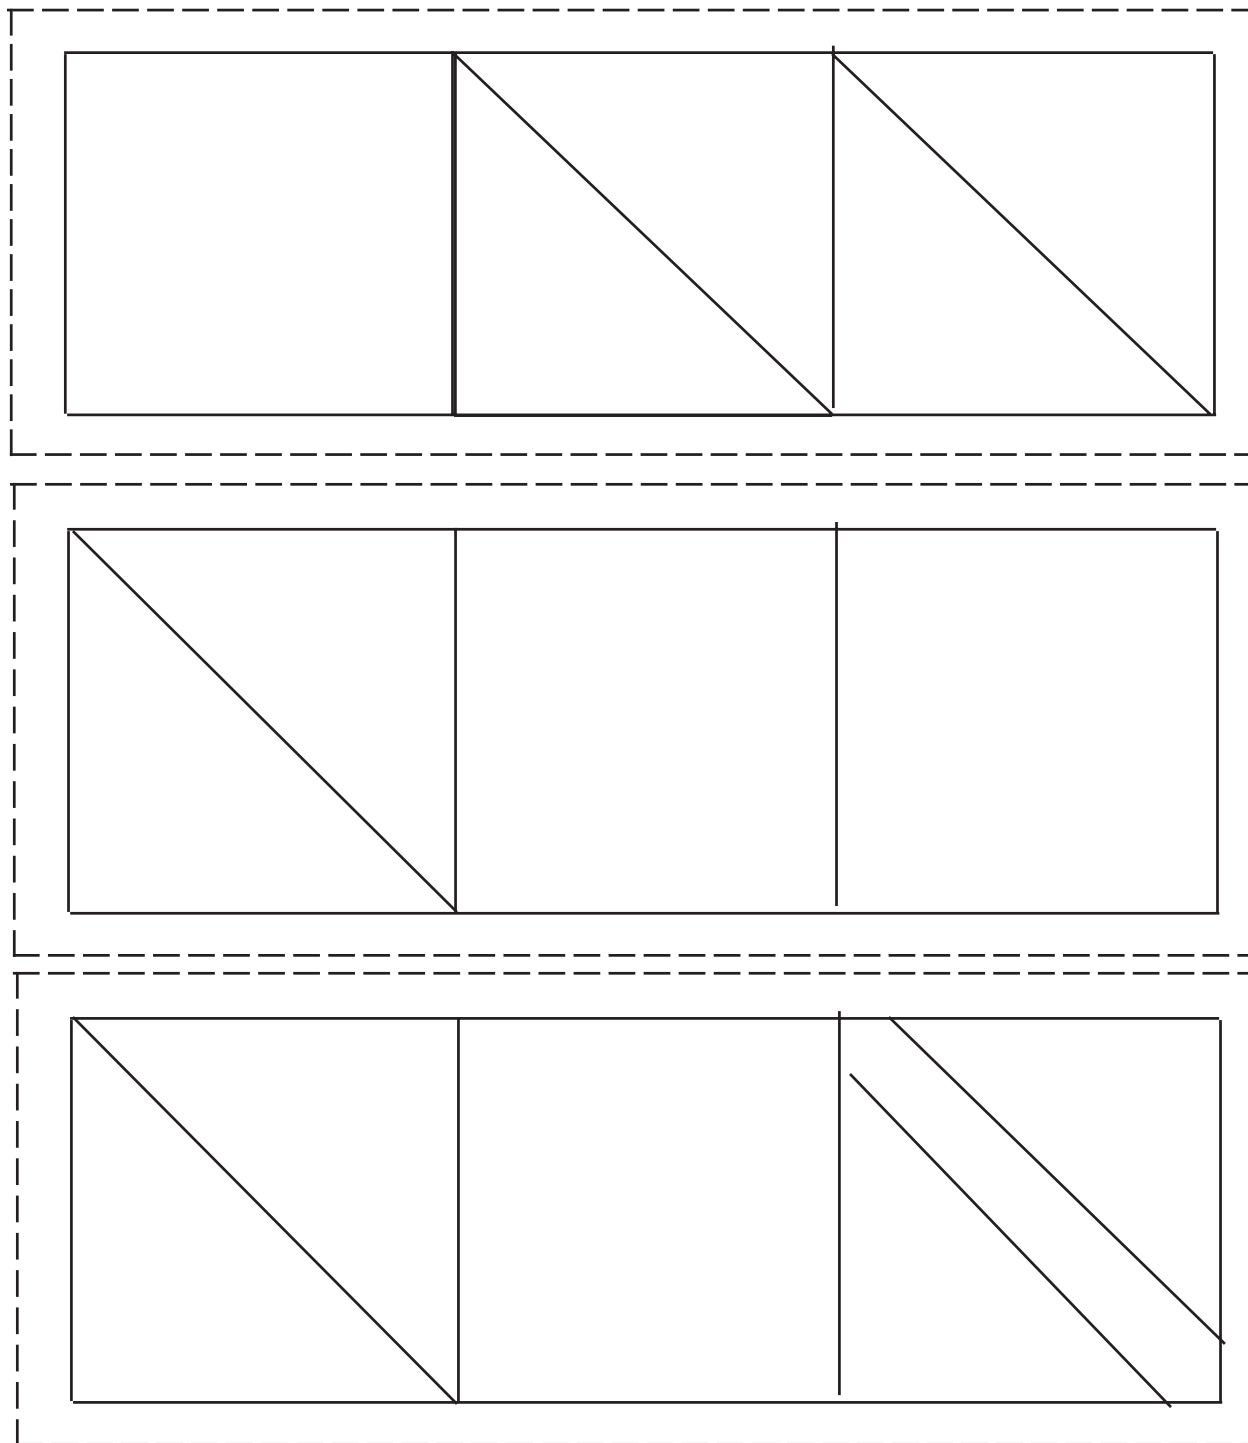

The foundation stabilizes the piecing from stretching or skewing. Straight lines of stitches are easier to achieve by following lines on the foundation. The larger piece is also easier to hold.

Using a short stitch will make for easier removal of the paper foundation. Try for around 14 stitches per inch to add as many perforations as possible. Use a large needle in your machine when stitching on paper foundation lines. The larger holes will make removing the paper easier. A good resource if you have never paper pieced is [http://quickquilts.com/lessons/piecing\\_primer/](http://quickquilts.com/lessons/piecing_primer/)

# October 2007 **BLOCK PARTY**

Here's a maple leaf. It can be paper pieced. Use a fall foliage color for the leaf . Off white for the background and brown for the stem. The block should be 6" x 6" finished or 6.5" x 6.5" unfinished. Bring as many as you like with your name attached to each one to the July Guild meeting. All names go in the basket and the lucky winner in the drawing gets all of the blocks.
